ONE AWARD FOR EVERY PLAYER

Shirt numbers only on this page. Write each stat award as the player's own number ("11 goals", "31 saves"), never as a rank ("top scorer"). Effort awards need one specific sentence of what the coach saw. Tick the last column when the coach has agreed the award.

What counts (NCAA conventions; the IFAB Laws of the Game keep no statistics, so use one set of definitions all season).
Assist: "a pass leading directly to a goal," no more than two per goal, none on a penalty kick (NCAA Rules 10.5.1, 10.5.4). Only award assists if one person kept them all season.
Save: the goalkeeper "stops a shot that otherwise would have gone into the goal" (Rule 10.3.3). A defender's stop on the line is a team save (Statisticians' Manual, Sec. 6 Art. 5).
Clean sheet: an individual shutout only for a keeper who played the entire game; if two keepers split a game with no goals against, the team gets the shutout and each keeper a shared one (Rule 10.6.2; Manual, Sec. 6 Art. 2).
Penalty shootouts: "no statistics -- goals or saves -- count toward team or individual totals" (Manual, Sec. 7 Art. 1).
Attendance: only from a sign-in sheet somebody kept. A "going" answer before practice is a plan, not attendance.

Present awards in shirt-number order, the same size for every player. Post the team's season and a thank-you; keep individual stats and awards with children's names off social media and public pages. From PlayHub, which is not affiliated with the NCAA, The IFAB or any league.
