SWAP RULE

Can't do your game? Find a family to swap with and tell the manager, who changes the sheet and records the swap below. A swap the manager has not been told about has not happened.

GAME #	JOB	WAS	NOW

Keep children's last names off this sheet if it is posted or shared outside the team: a shirt number and "family" is enough. Food allergies are written as the foods the team avoids, never next to a child. From PlayHub, which is not affiliated with any league.
